

Grade: KS3, KS4 & KS5

Subject: Career Planning

Date:

Topic: Careers in Health and Care

Lesson Delivery method: Classroom/  
Training room based

### Lesson Focus and Goals:

- Understand the Variety of Roles offered within the NHS (350+)
- Recognise that health & care is not just made up of Doctors, Nurses and midwives.
- Allow students to understand what career in the NHS may suit their personalities
- Allow students to understand the variety of career routes into the NHS (Apprenticeships, University, Access courses & Time frames)

### Materials Needed:

- Flip Chart Paper & Pens
- Microsoft Powerpoint
- Computer/project that allows for sound to play the careers video

### Learning Objectives:

- To recognise Health & care has a wide range of careers available
- To understand that there different educational routes into health and care

### Structure / Activity:

- Lesson to start with breakout groups who will have flip chart paper - on this get them to draw a spider diagram and demonstrate as a group what roles they think are in the NHS and how they know this.
- 
- Using the presentation provided. Explain the facts surrounding NHS Careers and job roles on the slide - Engage the students in this element also by asking if they are shocked by what the facts are or how does it make them think?
- 
- Watch the 18 minutes Careers video.
- 
- In their groups get the students to have a five-minute discussion on whether they would now consider a job in health and care and why. Ask each group to feed this back to the rest of the class.
- 
- Ask students to complete the feedback form.

Lesson end.
